

# Jerico Plastic Industries, Inc.

## SL 9455

### **Product Information**

---

The SL 9455 has a good balance of stiffness and impact. The SL 9455 is also UV stabilized and FDA available. It is available in 35 mesh and Jerico's proprietary multi-mesh powder.

### **General Information**

---

|                   |                    |
|-------------------|--------------------|
| Material Status   | Commercial: Active |
| Availability      | FDA available      |
| Additive          | UV stabilized      |
| Appearance        | Colors Available   |
| Forms             | Pellets and Powder |
| Processing Method | Rotational Molding |

### **Physical Information**

### **English Unit**

### **Test Method**

|   | <b>English Unit</b> | <b>Test Method</b> |
|---|---------------------|--------------------|
| Melt Index  | 5.0G/10 MIN         | ASTM D-1238        |
| Density   | .945G/CC            | ASTM D-1505        |
| Tensile .125" Thick                                 | 3,000PSI            | ASTM D-638         |
| Flexural Modulus 1% Strain                          | 115,000PSI          | ASTM D-790         |
| Arm Cold (-40°F) Temperature Impact 0.125" Specimen | 60FT/LB             | ARM METHOD         |
